

RESUME OF GLENN TURLEY

Procurement Professional

Brisbane based, trained and qualified to a Procurement Manager's level.

PROJECT PROCUREMENT, TENDER MANAGEMENT AND CONTRACTS

Diploma in Purchasing & Materials Management (NZ), Member CIPS Australia

1996 **Purchasing Award** - New Zealand Institute of Purchasing and Materials Management.

OVERVIEW

Glenn has worked on in excess of fifty Australasian and Indonesian construction projects undertaking Project Procurement packages, processes and activities. Located in major engineering offices, field and remote locations.

WORK PACKAGES

Includes: Head of Agreements, Major Engineered Equipment (Both Indent and Domestically sourced), Entire Plant Items Typically A\$10M per package, Major Supply and Install Contracts, Contract Works, Fabrication, Consultancy Agreements and Field Procurement.

PROJECT TYPES

Glenn has worked on projects incorporating Feasibility Studies, Design & Build, Engineer, Procure & Construct methodologies. This includes both Greenfield and Brownfield projects:

Busway Infrastructure, Mining & Metals, Subsea Mining, Coal Handling & Preparation Plants, Power Stations, Sub Stations, Broadcasting, Telecommunications, Wind Farms, Process Plants, Dairy Upgrades, Pulp and Paper, Oil & Gas, Cogeneration, Geothermal, SAGS, Tower Strengthening, Transport & Logistics, Coal Seam Gas pilot, Building Services, Optimising systems and centralising organisations Procurement and Supply functions.

CLIENTS

Include Thiess, Hatch & Associates, BIS Cleanaway, Tom Gully Mines, Thiess Sedgman, Downer EDI, BCL/Kordia, Queensland Cotton, PT Petrosea, Transfield Worley, ABB Clough, Bechtel Inc, Bechtel Australia, PB Power/DesignPower.

GOALS SOUGHT BY GLENN

To work with client/s on a turnkey project or ERP optimisation project providing either procurement or supply services. Manage people, processes and systems in accordance within the projects ethical, commercial, technical, budgetary, time and relationship considerations. Have a major influence in managing the procurement process on a project and achieve or exceed the required targets set by management.

WORK EXPERIENCE

Australia, Papua New Guinea, Indonesia, India, East Timor, Fiji, New Zealand and Macau.

PROJECT PROCUREMENT SERVICES

Glenn is a Procurement Professional, Director and Owner of Brisbane based Logistics Consulting.

<http://www.logcon.com.au>

Management of Project Procurement functions -

Tasks incorporating the Setup of tools and system, Planning, Sourcing, Supplier Qualification, Tendering and Contracts Management activities on large construction/capex projects.

Brisbane based, trained and qualified to a Procurement Manager's level.

Fifteen years experience in the development, execution and management of project specific procurement phases, packages, and system tools on EPC contracts to adhere to a client's Head Contract requirements.

General Software Proficiency in MS Word, Excel, PowerPoint, Visio, incite Document Control

PROCUREMENT SOFTWARE USED ON PROJECTS

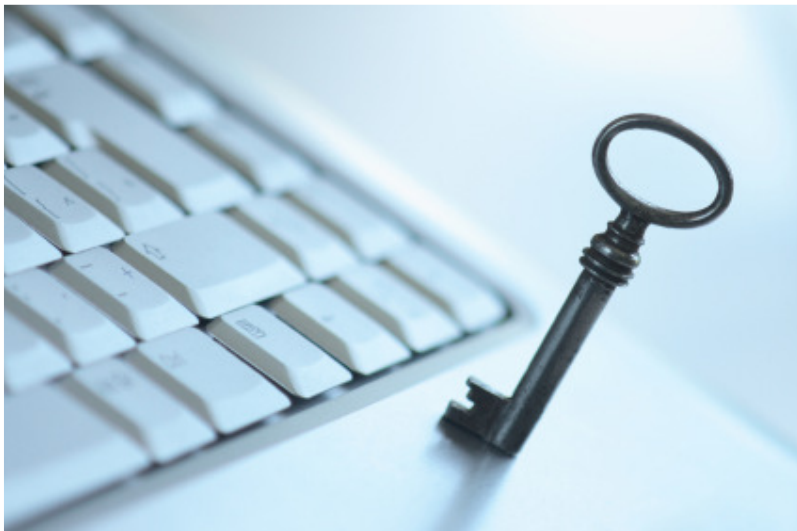

Logcon Procurement e-books, Oracle 11i, JDE, Supplier Qualification System, Quotes Manager, Guardian, incite, procure.connect, Marian (Smart Plant Materials), Hatch Workshare, Transfield Worley Materials Control, Petrosea Advantis, Thiess Kentz MMS.

CONSULTANCY WORK

Undertaking Strategic Procurement Initiatives, The Re engineering and Centralisation of client's ERP procure to pay, stock control/stores processes.

E-BOOKS AND SOFTWARE

The automation of Business Purchasing, Strategic and Project Procurement and Supply processes.

Undertaken numerous contracts as a consultant **optimising** Procurement and Stores processes. Skilled in Strategic Sourcing and Cost Reduction principles.

An advanced understanding of Procurement and Supply processes, automation techniques and risk mitigation.

EXPERIENCE - PROJECT TYPES

Project Type	Experience (expressed in months)
Busway Infrastructure	11
Bauxite Mining	3
Subsea Mining	6
Strategic and Centralised Procurement	20
Procurement Automation, Systems and Software Development	72
Gold Mine	3
Coal Handling and Preparation Plants	12
Power Stations	36
Broadcast - Television	60
Broadcast - Network	60
Telecoms	60
Broadcast - Radio	60
Tower Strengthening	48
Wind Farm Trial	6
Broadcast - Satellite	6
Open Cut Coal	3
Oil & Gas	48
Process Plant	4
Pulp & Paper	10
Mining - Copper/Uranium	11
Energy -Cogeneration	36
Energy -Coal Seam Gas	12
Stores and Site Purchasing Optimisation	12
Sub stations	36
Heating & Ventilating & Plumbing	48
Outback Catering and Logistics	22

Referees can be provided promptly upon request for client's to undertake character references.

SUMMARY OF PROJECT DETAILS

Project Name	Project Type	Position Held	Client	Project Location
Boggo Road & Eastern Busway	Busway Infrastructure	Procurement Lead for PAH & Park Road Bus Stations	Thiess SKM	Woolloongabba, Brisbane
Aurukun Bauxite Feasibility	Bauxite Mining	Procurement Supervisor	Hatch & Associates	Arukun, North Queensland
Nautilus Solwara 1	Subsea Mining	Procurement Supervisor	Hatch & Associates	New Britain, Papua New Guinea
National Procurement Group	Strategic/CPG	Consultant	BIS Cleanaway	Brisbane, Sydney, Perth
Toms Gully Gold Mine	Gold Mine	Stores Manager/ Consultant	Toms Gully Mining	Northern Territory
Wilpingjong Coal	CHPP	Procurement Manager Systems	Thiess Sedgman	Wilpingjong, NSW
Hail Creek Coal	CHPP	Procurement Manager Systems	Thiess Sedgman	Hail Creek, Central Queensland
Dawson	CHPP	Procurement Manager Systems	Thiess Sedgman	Dawson, Central Queensland
Lake Lindsay	CHPP	Procurement Manager Systems	Thiess Sedgman	Lake Lindsay, Central Queensland
Saraji	CHPP	Procurement Manager Systems	Thiess Sedgman	Saraji, Central Queensland
Huntly e3p Power Station	Power Station	Senior Contracts Administrator	Downer EDI	Huntly. Brisbane based.
Maori Television Service	Broadcast - Television	Commercial Adviser	BCL/Kordia	New Zealand Wide
Queenstown HCN	Broadcast - Network	Commercial Adviser	BCL/Kordia	New Zealand Wide
BWA Pilot	Telecoms	Commercial Adviser	BCL/Kordia	New Zealand Wide
Radio New Zealand Concert Linking	Broadcast - Radio	Commercial Adviser	BCL/Kordia	New Zealand Wide
Telecom ES Wellington South	Telecoms	Commercial Adviser	BCL/Kordia	Wellington
TVNZ Waitara Transmitter Replacement	Broadcast - Television	Commercial Adviser	BCL/Kordia	Auckland
Atlas 'On Ramps'	Broadcast - Linking	Commercial Adviser	BCL/Kordia	New Zealand Wide
Gisborne/West Auckland BWA	Telecoms	Commercial Adviser	BCL/Kordia	Gisborne/West Auckland
Vodafone Inglewood Cell Site	Telecoms	Commercial Adviser	BCL/Kordia	Inglewood
Snoopy Supervisory	Broadcast - Linking	Commercial Adviser	BCL/Kordia	New Zealand Wide
Sky Linking	Broadcast - Television	Commercial Adviser	BCL/Kordia	New Zealand Wide
Hercules	Broadcast - Linking	Commercial Adviser	BCL/Kordia	New Zealand Wide
Mt. Cargill Tower Strengthening	Tower Strengthening	Commercial Adviser	BCL/Kordia	Dunedin
GWRC 40m Wind Tower	Wind Farm Trial	Commercial Adviser	BCL/Kordia	Wellington
BCL 'IP Core	Broadcast - Linking	Commercial Adviser	BCL/Kordia	New Zealand Wide
Vodafone East Cape Linking	Broadcast - Linking	Commercial Adviser	BCL/Kordia	East Cape, North Island
Miramar Satellite Earth Station	Broadcast - Satellite	Commercial Adviser	BCL/Kordia	Wellington
Fiji TV Dogowale/Kadavu Island	Broadcast - Television	Commercial Adviser	BCL/Kordia	Dogowale/Kadavu Island
Telecoms Tower	Telecoms	Commercial Adviser	BCL/Kordia	Macau
Centralised Procurement Study	Strategic/CPG	Consultant	Queensland Cotton	Queensland, NSW
Gunung Bayan Coal	Open Cut Coal	Consultant	PT Petrosea	Jakarta/East Kalimantan
BP Brisbane Air Separation	Oil & Gas	Procurement Manager	Transfield Worley	Pulver Island, Brisbane
Phosphoric Acid Plant	Process Plant	Senior Buyer	ABB/Clough	Mt. Isa Nth. Queensland
Kinleith Pulp & Paper	Pulp & Paper	Contracts/Purchases Specialist	BE&K/Bechtel	Tokoroa
Olympic Dam Expansion	Mining - Copper/Uranium	Contracts/Purchases Specialist	WMC/Bechtel	Roxby Downs. South Australia
Te Awamutu Dairy Upgrade	Energy -Cogeneration	Project Buyer/Expediter	PB Power	Te Awamutu
Bay Milk No. 1 Cogeneration Plant	Energy -Cogeneration	Project Buyer/Expediter	PB Power	Whakatane
Kapuni Energy	Energy -Cogeneration	Project Buyer/Expediter	PB Power	Kapuni
Huntly Underground Coal Gasification	Energy -Coal Seam Gas	Project Buyer/Expediter	PB Power	Huntly
Pukehoe Sub station	Sub station	Project Buyer/Expediter	PB Power	Pukehoe
Haywards Sub station	Sub station	Project Buyer/Expediter	PB Power	Haywards
Dobson Sub station	Sub station	Project Buyer/Expediter	PB Power	Dobson
Taranaki Combined Cycle Power Station	Power Station	Project Buyer/Expediter	PB Power	Startford
Otago Swimming Flume	Waves Study	Project Buyer/Expediter	PB Power	Dunedin
Wayang Windu Geothermal	Oil & Gas	Project Buyer/Expediter	PB Power	Bandung
10 projects, Building services, H&V and Plumbing	Heating & Ventilating & Plumbing	Purchasing Officer/Contracts Clerk	Aquaheat Industries	Wellington
Numerous projects in QLD and South.Aust.	Outback Catering and Logistics	Operations Co-ordinator	ATCO Field Services	Queensland, South Australia

Macau
Indonesia

PROJECT PROCUREMENT – EMPLOYMENT RECORD

May 2008 to April, 2009 BRBA

Procurement Lead

Manage the tender and contract award phases for major subcontracts for the Boggo Road and Eastern Busway (“EB”) Stage 1.

- A. BRBA comprising of Thiess and SKM undertook work specific to a \$360 million contract for Queensland Transport (“QT”) on the Boggo Road and Eastern Busway project located at Woolloongabba in Brisbane.
- B. Glenn was initially contracted to manage the tender processes for two new Bus Stations (Princess Alexander Hospital and Park Road).
- C. Procurement Packages included major supply and install subcontracts of Asphalt Works, Lifts, Frameless Glazing, Louvres, Handrails & Balustrades, Auxiliary Metalwork, Roof Finish, Signage, Furniture, Fibre Cement Ceilings, General Metalwork, Galv. MS Brackets and Arcylic Panels (Noise Barriers), included Traffic Signs, Switch room # 4, Fire Rated Ceiling for Harrogate Tunnel, Precast Floor Slabs for the Cycleway and the Park Road Bridge.
- D. Glenn achieved significant cost savings for the above packages through the application of effective strategic sourcing techniques and negotiating actual additional savings with short listed tenderers.
- E. **Major cost savings and the allocation of capacity across all work areas of the project were achieved by negotiating a multi million dollar contract with a major Asphalt provider.** 22 x project areas, 94 x contract works.
- F. Glenn provided ongoing training to Purchasing Officers within BRBA and suggested improvements specific to Supplier Pre qualification, detailing ITT’s, managing the tender process, preparing recommendation reports and commercially appropriate negotiation techniques.
- G. **Procurement packages managed by Glenn up until contract award were significantly under the Total Cost Estimate “TCE” budget for the work.**
- H. **Download fact sheet on project:** http://download.translink.com.au/busways/boggoroad/070701_factsheet_general.pdf
- I. **Proceed to Thiess link regarding the BRBA project:** <http://thiess.com.au/Projects/BoggoRoadBusway/index.htm>

December 2007 to May 2008

Hatch & Associates

Procurement Supervisor

Major Subcontract review

Hatch & Associates have been engaged by Chalco to undertake a feasibility study specific to the Aurukun Bauxite in North Queensland.

- A. **Review** existing Prime Agreement with the client and derisk for Hatch by creating a generic template for use on the 10 x Major Sub consultancy Agreements to be undertaken for the project.
- B. **Prepare and award** Minor Sub consultancy agreement for early work on the project.

June 2007 to December 2007

Hatch & Associates

Procurement Supervisor

Tender Management

Hatch & Associates are undertaking an Alliance arrangement with Nautilus Minerals. The project involves the mining of subsea nodules in the Solwara 1 offshore field, in the vicinity of New Britain Island in Papua New Guinea.

- A. **Design** commercially appropriate document suites, “Invitation to Prequalify” and “Request For Tender (RFT)” for the Alliance’s Major Equipment tendering process.
- B. **Manage** intensive tenders specific to high valve packages, long lead time packages, Rod & Ball Mill (\$10M), Float Cells (\$10M), Regrind Mill (\$11M), Filter Press (\$10M) and Thickeners (\$2M).

May 2007

BIS Industries

Consultant

Contracts and Proposal Management

BIS Industries are an industrial logistics organisation that bulk haul commodities specifically for leading mining companies in Australia. Formerly owned by Brambles.

- A. **Prepare** National Tyre Agreement Draft Contract. Undertake pre award processes and commercial detailing of contract. BIS Industries 2nd largest commodity type with a Budget value of \$10 Million per annum representing 40 + sites across Australia.

B. Undertake Capital Works processes for WA business unit. Prepare RFP's for issue to the market for capital requirements (Capex) specific to Prime Movers, Power Trailers, Tankers, Dozers and other site specific requirements.

November 2006 to April 2007 BIS Cleanaway Consultant **Strategic Procurement advice and analysis**

BIS Cleanaway Ltd established a National Procurement Group across all of its Australian business divisions in November 2006 to realise efficiency and savings benefits. The organisation spent \$612 Million for the last financial year on Procurement commodities.

A. Undertake the collection of Fuels and Lubricants information across the BIS and Cleanaway businesses to determine current Service Providers on a per site basis. Over 100 sites around Australia.

B. Scope out requirements for Supplier Pre Qualification programme.

C. Undertake process mapping of existing Procurement activities/elements and make recommendations for improvement.

D. Undertake review of current JDE ERP system (Procure to Pay) and provide comment.

E. Undertake spend analysis of the top 2000 BISC Suppliers. Review spend data. Report findings.

F. Review Purchasing Card process and provide comment.

G. Undertake the collection of goods/part numbers from Supplier's for manipulation and importing as a catalogue item in JDE. 50 Supplier's. Spend of \$93 Million. 14,500 Line Items.

June/July 2006 Tom's Gully Mining Ltd Consultant and Stores Manager **Stores and Purchasing Consultancy and Management**

Project = Tom's Gully Mine Old Mount Bundy, Northern Territory

A. Provide Stores Management reengineering services to Tom's Gully Mine (TGM). Lead a team of three for duration of assignment.

B. Review TGM's stores function and implement systems to improve efficiency (Including their Guardian software application).

C. Undertake business process mapping of the stores process.

D. Design and prepare an electronic Stores Management system to document the processes specific to Receipting. Storage and Issuing of Goods at the mine.

E. Catalogue entire stores items and make recommendations to management on improvements to be made.

F. Train existing stores staff on new processes implemented. Act as temporary Stores Controller.

May 2005 to June 2006 Thiess Sedgman Procurement Joint Venture (TSJV) Manager - Systems **Procurement Management & Consultancy**

Projects = Coal Handling and Preparation Plants, Wilpinjong Coal, Lake Lindsay, Dawson Alliance, Hail Creek Expansion and Saraji Upgrade, QLD and NSW

A. Specify and recommend processes for the TSJV Centralised Procurement Group (CPG). Propose model for the automation of strategic procurement through Internet portal functionality. Provide presentations to the TSJV Executive. Phases = Sourcing Analysis & Supplier Qualification.

B. Design from concept to roll out TSJV's SQL server intranet based milestone tracking system called procure.connect . **Various** Procurement and Materials Management **modules**. Phases = Tender, Award, Expediting, Inspection, Field Procurement, Materials Control and Principal Handover.

C. Develop electronic (e-books) and information systems to allow TSJV Procurement and Project personnel to mobilise onto projects quickly and review searchable data specific to the duties they are to perform on the project. Write help files and train newly mobilised project personnel.

D. Drive strategic procurement practises and continuous improvement processes within the CPG by using current available technologies. Work with TSJV Procurement people, other disciplines, Principals and Suppliers to improve systems.

E. Carry out Procurement audit reviews on TSJV projects.

F. Train and develop Procurement Teams and Project personnel.

Jan 2005 to May 2005 Downer Engineering Senior Contracts Administrator **Procurement and Contracts Management**

Project = Huntly e3p Power Station

- A. Oversee** the sourcing and tender process for the Main Condenser (\$3 Million) package.
- B. Administer** contracts for Transformers, Valves and other mechanical tendered packages. Ensure contract deliverables are adhered to.
- C. Administer** Progress payments for major engineered packages.
- D. Attend** Project Management meetings as interim Procurement Manager and report on progress of Procurement Group.
- E. Manage** commercial processes: RFI, RFQ, Preaward, Negotiation, Award, Expediting, Contract Administration, Claims, Payment.
- F. Provide** commercial advice on upgrading the RFT and other Procurement documentation to mitigate commercial risk.

2000 to Jan 2005	Broadcast Communications Ltd (BCL) Wellington. New Zealand	Commercial Adviser.	Procurement and Contracts Management. Commercial Representative. Reporting to GM, D&B Manager's and Project Manager's
------------------	--	---------------------	--

Projects = Design & Build Cell Sites, Data Networks, Television, Radio, Broadband Wireless Access (BWA) and Tower Strengthening projects undertaken:

New Zealand: Miramar Satellite Earth Station, Queenstown HCN, Vodafone East Cape Linking, BCL's IP Core, BWA Pilot, Mt. Cargill Tower Strengthening, Hercules, Sky Linking, Snoopy Supervisory, Gisborne/West Auckland Broadband Wireless Access, Atlas 'On Ramps', TVNZ Waiatarua Transmitter Replacement, Telecom ES, Radio New Zealand Concert Linking.

Fiji: Fiji Television Dogowale and Kadavu Island.

Macau: Telecommunications Tower

- A. Manage** Procurement activities of major engineered equipment and contracts work packages on BCL Capex projects relating to RFI, Qualification, Preaward, Contract Award & Post Award phases.
- B. Define, Analyse and Recommend** commercial strategies for company and act as a commercial representative for BCL on assigned projects.
- C. Manage** Claim's and **Provide** appropriate commercial advise to clients. **Make** commercial recommendations to the General Manager, Lead Engineers and Project Managers in respect of risk mitigation, claim's management activities.
- D. Represent** SMP Group on BCL Tender review committees when BCL submit tenders to client's for Design & Build work/contracts.
- E. Redefine** BCL's documentation to proactively manage procurement milestones, buyers and sellers risk ensuring when goods and services are procured that Total Cost of Acquisition principles are adequately applied.

Other commercial activities included Sourcing, RFI and RFT packages:

- F.** 2001 Prepare major contract agreements for Telecom Engineering Services (Wellington South patch contract)
- G.** 2002 Implement strategy, carry out study, project manage, issue RFI/RFT to open market for a consolidation of New Zealand wide records management activities, conduct service provider site visits, Recommend regional preferred supplier's
- H.** 2002 Implement strategy, carry out sourcing study, issue RFI/RFT to open market for BCL's Site Access management (SAM) of 10 sites New Zealand wide
- I.** 2003 Managed the contract phases (Request For Tender and Contract Award) applicable to major engineered equipment for Maori Television Service (MTS) project. The procurement of \$2.5 million being Transmitters for sixteen sites and associated equipment.
- J.** 2003 - Project Manage, Procurement engineered equipment and contract works for 70 m Wind Recording Tower
- K.** 2004 - Carry out the procurement of equipment and contract works for 2 x 40 m masts for Vodafone New Zealand
- L.** 2004 - Issue RFT for 10 x BCL sites. Provision of Fire Maintenance Services
- M.** 2004 Implement strategy, carry out sourcing study, project manage, issue RFI/RFT to open market to select regional preferred suppliers for BCL's fabrication services requirements. Over three years the capex/opex budget is expected to be in excess of \$5 million.

1/02 to 4/02 Queensland Cotton Corporation (QCC) Moura, QLD Consultant **Procurement Management & Consultancy**

Project = QCC Centralised Procurement Pilot

- A. Design and develop** RFT/RFQ documents and non-existent Terms and Conditions (including e-commerce) systems for **QCC 's Centralised Procurement Study**.
- B. Provide** Procurement/Logistics expertise in issuing Request For Tenders, evaluating Fuels & Lubricants and Safety equipment Suppliers.
- C. Justify** to QCC management significant cost savings achievable by centralising the Supply function.
- D. Negotiate and award** centralised Supply Contract for Safety equipment. Formerly decentralised as eight separate business units/sites.

2000 Petrosea/Clough Group East Kalimantan, Indonesia Supply Chain Consultant. **Procurement and Materials Management.** Reporting to Project President – Director and Operations Manager

Project = Gunung Bayan Coal.

- A. Analyse** current supply chain methods to Petrosea's Gunung Bayan Project site including the feeder warehouses at Balikpapan and on route. Recommend improvements/cost savings to President – Director/Operations Manager.
- B. Evaluate** current systems and implement competitive bidding for excavators and tip trucks and associated equipment items. Review current procurement practises.
- C. Increase** warehouse capacity of remote Warehousing site.
- D. Train** Indonesian nationals (12 storeman) and Purchasing Superintendent in correct receipting, procurement and materials management processes applicable to equipment/consumables onsite.

1999 Transfield Worley Joint Venture Procurement Manager **Procurement and Materials Management.** Reporting to Commercial Manager

Project = BOC 600 MTPD Air Separation Unit project, BP Brisbane, QLD

- A. Manage** the Procurement of Capital Equipment including Vessels, Heat Exchangers, Filters, Skids, Spares, Piping Materials (Bulks), Instrumentation, Electrical, Fire Protection and Consumables.
- B. Define and document** Materials Management and Warehouse Control processes at BOC's BP Oil Refinery site, Brisbane.

1999 ABB – Clough Joint Venture Brisbane, Australia Senior Buyer. Reporting to the Project Manager **Buying/Expediting**

Project = WMC Phosphate Hill, Phosphoric Acid Plant, Nth. QLD.

- A. Manage** the procurement (buying and expediting) of major engineered equipment for Cooling Tower, Rock Filters & Dry Stacking Areas.
- B. Equipment** included HDPE, Carbon/Stainless Steel, FRP Pipe (Supply & Fabrication), Grating, Screens, Valves, Electrical, Gaskets, Bolts, Instrumentation & Structural commodities.

1998 BE & K/Bechtel Joint Venture Tokoroa, New Zealand Contract/Purchases Specialist. Reporting to the Const. Manager **Field Procurement**

Project = Kinleith Pulp & Paper Project.

- A. Manage** the field (buying and expediting) Procurement of construction commodities inc. Piping, Instrumentation, Mechanical, Electrical & Structural requirements.
- B. 700 Field Requisitions** received and 660 Field Purchase Orders placed.

1997	WMC/Bechtel Australia Adelaide, Australia	Contracts/Purchases Specialist. Reporting to the Project Procurement Manager	Buying of Major Engineered Equipment
------	--	---	---

Project = Olympic Dam Expansion.

- A. Manage** Capital equipment packages. Prepare ITT's, Bidder's Lists, Carry out Pre Award Negotiations, Contract Awards, Expediting & progressing of Payments.
- B. Assigned** to WMC BAG, Infrastructure, Mine, & Smelter Group during duration of project assignment.
- C. Commodities** included: Pumps, Motors, Fans, Underground Remote Rail Haulage system, Transformers, Reclaim Dredge, Oxygen Diffusers, Radio Communications System, Trucks, 4X4, PA System, Conveyor Belting System, Process Control System & Rope, Soap & Dope packages.

1994 - 1997	PB Power (Formerly DesignPower) Wellington. New Zealand	Project Buyer/Expediter. Reporting to specific Project Manager's	Project Buyer/Expediter. Reporting to Procurement Manager/ Project Manager's
-------------	---	--	--

Projects = Geothermal, Cogeneration, Electrical and Power projects undertaken.

New Zealand: Te Awamutu Cogeneration; Taranaki Combined Cycle Power Station; Underground Coal Gasification; Kapuni Energy; Otago Swimming Flume; BOPE No. 1 Cogeneration; Pukekohe, Waikanae & Haywards Hill Substations;

Indonesia: Wayang Windu Geothermal.

- A. Manage** major engineered packages and contract works. Prepare ITT's, Bidder's Lists, Carry out Pre Award Negotiations, Contract Awards, Expediting & progressing of Payments.
- B. Assigned** to major EPC projects located in New Zealand and Indonesia.
- C. Setup, Manage & Closeout** Procurement processes, Qualification, RFQ and Tender including Preaward Negotiations, Contract Awards, Expediting, Project Quality Audits & Writing of Procurement processes.
- D. Numerous** Electrical, Geothermal, Dairy, Milk plants, Power Station and Substation projects.

1990 - 1993	Aquaheat Industries Wellington NZ	Purchasing Officer/Contracts Clerk. Reporting to the Managing Director	The Procurement of materials and equipment
-------------	--------------------------------------	---	---

Projects = Based in Wellington, NZ. Ten separate Building Services projects

- A. Manage** the Procurement of commodities for **Contracts & Manufacturing Divisions.**
- B. Prepare** ITT's, reviewing & placement of PO's, Purchasing Research, and Administration & Invoice Approvals.
- C. Review, recommend and implement** Inventory Control/Receiving Process Improvements.
- D. Numerous** building services projects.

1989 to 1990	ATCO Field Services. Brisbane, QLD	Operations Co-ordinator. Reporting to the Operations Manager
--------------	---------------------------------------	--

Projects = Based in QLD and South Australia

ATCO Drilling & Service Rigs Qld. and South Aust.; Las Palmas & Northern Heritage Nth. Qld; Red Dome Gold Mine Nth. Qld; Cairns Game Fishing Club Nth. Qld;

- A. Manage** the Logistics and Procurement of food & consumables for numerous field service projects.
- B. Mobilise** Oil Rig personnel, Organise air transportation and security clearances.
- C. Prepare** forward workload forecast on projects.

DEVELOPMENT OF PROCUREMENT PROCESSES, TOOLS AND SOFTWARE

Apart from undertaking operational work activities for major clients on projects (Refer the Employment Record section of this resume) Glenn also develops Procurement solutions.

Glenn is a registered member of the Microsoft Partner Programme.

Procurement automation tools and systems developed by Glenn are:

February 2008 to July 2009

Design, develop and project manage a low cost, automated "Site and Field Procurement" solution. This software caters for clients (Typically Principals/Constructors) undertaking large Capex projects that require the intensive management of 200 to 500 packages through their Site or Field Procurement process. Quotes Manager "Site and Field Procurement" allows full transparency of processes. It has events logging, milestone tracking and manages commercial risk via its automated Requisition, RFQ, Quotation and Purchase Order lifecycle.

For further information goto:

<http://logcon.com.au/ProcurementAutomation/ProjectProcurement/SiteandFieldProcurement/tabid/164/Default.aspx>

July 2006 to February 2008

Design, develop and project manage a low cost, automated preaward non tendered Procurement solution for the Australasian, Asia, Pacific construction market. The **Quotes Manager Supplier Portal System** manages Materials, Services and Contract Works packages from preparation of a Requisition through to the Recommendation of a Supplier for award. For further information

goto:<http://www.quotesmanager.com>

June/July 2006

Stores Management plan for Toms Gully Mining, NT. Develop an electronic stores plan for their Gold operation to electronically document the requirements specific to policies, work instructions, layout drawings etc for their onsite purchasing and stock control.

Goto:

<http://logcon.com.au/ProjectProcurementServices/Sitepurchasingandstockcontrolplan/tabid/77/Default.aspx>

May 2005 to June 2006

Electronic Procurement plans for Thiess Sedgman Joint Venture, Wilpinjong Coal, Hail Creek Expansion and Saraji. Allows for the searching of electronic data specific to the

procurement process, details approval levels, documents, key control etc. All searchable via a multi platform scenario.

Goto:

<http://logcon.com.au/ProcurementAutomation/ProjectProcurement/ProcurementManagementPlans/tabid/74/Default.aspx>

Electronic Construction plan for Thiess Sedgman Joint Venture, Wilpinjong Coal. Incorporate constructions obligation as determined by the client. Work along side Construction Manager. Develop content and electronic processes. Incorporate field procurement and materials control sub plans into application.

January 2004 to December 2005

Supplier Qualification System “SQS”A web based Procurement software that allows suppliers to register a prequalification application with the purchaser on a project. The purchaser can electronically assess and pre-qualify a supplier prior to undertaking a tendered process for major engineered contracts.

For further information goto: <http://www.supplierqualification.com>
